

Survey Magnet Means Expression

By Survey Magnet

Dated: Oct 27, 2009

In a recent discussion about Survey Magnet co-owner Derrick revealed his thoughts on why he enjoys the site so much.

Here is an excerpt:

"SurveyMagnet.com answers my intuition by allowing me to express my thoughts and opinions to educated mindful persons like myself. We all feed off each other. I enjoy spirited conversations and insight to the beliefs, thoughts, and experiences of others. SurveyMagnet has proven that diversified conversation can take place on any day between individuals as far away as China or as close as down the street. I have always wanted a way to generate something for the masses and SurveyMagnet does just that."
