Survey Magnet has cracked the 1,000 unique user mark.

Survey Magnet is making solid progress for such a young site. The internet think tank is showing progress in several web business KPIs.

- * Nearly 4 minutes per user on each visit.
- * Nearly 3 pages per user per visit.
- * Links from dailypaul.com, homelandstupidity.us, stumbleupon.com, and scoresreport.com

Last but not least is the most important metric of all...unique users. At the time of this press release www.surveymagnet.com has piqued the interest of 1,056 unique users. That's an average of 264 users per month. Each day that number gets bigger and bigger.

Come see what all the commotion is about.
