

## **The Website of the Year is Here!**

*By Survey Magnet*

*Dated: Aug 27, 2009*

*An interactive poll driven community of intelligent, fun, and opinionated people is taking shape at [www.surveymagnet.com](http://www.surveymagnet.com). Read on to gain more insight into this blossoming website.*

Atlanta, GA

On August 15, [surveymagnet.com](http://surveymagnet.com) was released as a new concept. The premise behind Survey Magnet is simple: every voice counts and every opinion matters.

[Surveymagnet.com](http://surveymagnet.com) has been described as a site in which everyone can express their opinion.

On this site no topics are off limits. Since the launch date topics have included (but are in no way limited to):

- Gay Marriage
- Bank Charters
- The Music Industry
- Sexual Promiscuity
- Chastity of Professional Basketball
- Michael Vick and PETA
- Housewife vs . “Real Job”
- Inter-racial relationships
- School Discipline

Make no mistake about it. This is not a news site. This is not a gossip magazine. This is a reservoir of information.

[Surveymagnet.com](http://surveymagnet.com) is designed to provide the ultimate interactive experience for it’s readership. The atmosphere is open, exciting, and inquisitive so everyone reading this release will be comfortable on the site.

Here are some quick facts about this rapidly growing information hub:

- A new question is posed daily so content is always fresh.
- Users are encouraged to comment. [Surveymagnet.com](http://surveymagnet.com) boasts a rate of nearly 10 comments per post. New sites struggle for months to generate this type of interaction. [Surveymagnet.com](http://surveymagnet.com) has done this from day 1.
- The site is a mix of pre-determined questions and current events.
- Survey results are displayed in real time so you can see how where your opinions align with the rest of the readers.

###

[Surveymagnet.com](http://surveymagnet.com) is your one stop shop of real-time interactive opinions on the internet. The site serves to eliminate the mystery around “polls” and “surveys” that are often quoted in TV and radio broadcasts.
